

ATTENTION GRADE FIVE TEACHERS

Your school board has approved the content of this 40 minute interactive classroom presentation. Designed to increase knowledge about seizures and decrease stigma, this presentation meets 4 of the specific expectations of the **Grade 5 Ontario Health & Science Curriculum**. The facilitator uses props, EEGs, the Brain Game, Famous People Game, video clips and puppets to reinforce specific expectations.

Grade 5 Science: Human Organ System Expectations:

- 1) Describe the basic structure and function of the major organs in the nervous system.
- 2) Describe ways in which the skeletal, muscular, and nervous systems work together to produce movement.
- 3) Describe some types of medical technology.

Grade 5 Health: Healthy Living Expectations:

- 4) Apply strategies to deal with personal-safety and injury-prevention situations.

TEACHING ASSESSMENT MATERIALS:

- Student Worksheets
- Teacher's Guide
- Rubric

****30-minute teacher in-service presentations are also available for those schools with students affected by epilepsy or a seizure disorder.****

BOOKING REQUEST

Fax this sheet back to Epilepsy Niagara today, at (866) 293-6300 to book your presentation.

School Name: _____

Teacher's Name: _____

School Address: _____

Telephone: _____

Requested Month: _____

Students in Class: _____

Suggested Date & Time: _____

Is there a child with seizures in your class?: **Yes** **No**

****Whenever possible we will try and book on the requested date and time. If there is more than one Grade 5 class requesting the presentation please book a separate time for each, as presentations are most effective when done in the normal classroom setting****
